MEET THE INSPIRING ORGANISATIONS HERE FOR THE THIRD SECTOR SHOWCASE!

ATAXIA AND ME <https://www.ataxia-and-me.org/about/>

“Ataxia and Me has been established to raise awareness of ataxia in Wales, the UK and around the world. Our mission is to provide information and support to everyone affected by this “life-limiting” condition. We focus on ataxia but aim to incorporate associated rare diseases and movement disorders as well.”

ASSIST MY LIFE <https://assistmylife.wales/about/>

“AssistMyLife started out as an app to help people improve and enhance their lives. It soon evolved into a massive project that we believe underpin what it means to be truly inclusive and provide real tools to gain meaningful independence.”

PEMBROKESHIRE COMMUNITY HUB [PCH Website](#)

This community platform is for anyone who lives in Pembrokeshire who wants to improve their wellbeing, find local activities, take part in community projects and meet people who share your interests.

This is the place for small acts of kindness between people in Pembrokeshire, based on the individual skill you have to offer or the specific problem you need to be solved.

YMA <https://www.dymani.cymru/about>

Yma is a not-for-profit social enterprise, existing to create possibilities for exceptional care for the people of Wales now, and for future generations. The viability and future shape of our health and social care system is being tackled by many different organisations and agencies in Wales. The lens through which we undertake our work, advocating from grassroots, being open to all possibilities without being tethered to the status quo (even rejecting it where needed) and actively seeking alternative ways for the system to exist, sets us apart. This makes Yma unique in Wales.

WORKSHOP ONE

YOUR ASSIGNED WORKSHOPS ARE PRINTED ON YOUR NAME TAGS. A MAP OF THE ROOM LAYOUTS CAN BE FOUND ON PAGE 4.

WHAT WORKSHOPS ARE ON FIRST?

PERFORMANCE AND REPORTING WORKSHOP

Public sector organisations are very good at gathering data, but how much use do we actually make of it? How can we use the data we collect to inform and develop our processes? In this workshop we will explore some simple data analysis that can help us learn and understand what is actually important. Data is for performance information, not just for reports! This workshop will be led by Simon Williams, Programme and Change Manager (Performance).

ARCH NEEDS ASSESSMENT

Introduced by Dr Michael Thomas (Public Health Consultant in Public Health Medicine), this session involves Llyr Lloyd (Principal Public Health Practitioner) outlining key findings from the ARCH Health Needs Assessment, causal factors and a range of conditions. Given the raft of possibilities for acting preventatively, participants will consider what impact they, their organisations, and acting collectively – can make on the issue.

DEMENTIA WORKSHOP

The West Wales Regional Dementia Strategy was launched in 2023. This workshop will provide an overview of the strategy and highlight progress, successes and challenges and provide participants with the opportunity to consider how the strategy aligns to their own work. This workshop will be led by Monica Bason-Flaquer, Programme and Change Manager, and professionals from across the region who are delivering against the key priorities of the strategy.

CAPITAL WORKSHOP

Andrew manages the regional capital programme, supported by a small programme office, who are tasked with supporting RPB partners with the delivery of a new ten-year Regional Capital Strategy.

The strategy aims to build on our vision as an RPB is to support people to stay closer to home and receive the care and support they need within their communities. Key to that is the need to optimise our use of new technologies both in people's homes and within our health and social care facilities.

The workshop will focus on the need for the West Wales region to define its blueprint for health and social care community hubs, building on the objectives of the Integration and Rebalancing Capital Fund.

Discussions will explore what do we mean by a blueprint for community hubs and the need to build on the key principles outlined for capital developments in the region.

WORKSHOP TWO

YOUR ASSIGNED WORKSHOPS ARE PRINTED ON YOUR NAME TAGS.
A MAP OF THE ROOM LAYOUTS CAN BE FOUND ON PAGE 15.

WHAT WORKSHOPS ARE ON NEXT?

SIMON JOHN WILLIAMS

This workshop covers the same material as the previous one.

ARCH NEEDS ASSESSMENT

This workshop covers the same material as the previous one.

REGIONAL CARERS STRATEGY WORKSHOP

The West Wales Regional Partnership Board published Our West Wales Carers Strategy 2020-2025: Improving Lives for Carers, in November 2020. The Strategy has established four key priority areas which take a longer-term view and set the vision for the future. This workshop will provide an overview of the strategy and highlight progress, successes and challenges and provide participants with the opportunity to consider how the strategy aligns to their own work and inform the upcoming refresh of the strategy. This workshop will be led by Monica Bason-Flaquer, RPB Programme and Change Manager; Anna Bird, Chair of the Carers Development Group; and professionals from across the region who are delivering against the key priorities of the strategy.

BABIES CHILDREN AND YOUNG PEOPLE

The workshop will explore what a 'Health Promoting School' looks like in our communities, as well as focusing on a 'Whole School Approach to Emotional Health and Mental Wellbeing'. The workshop will also look to explore how partners can support and influence the health and wellbeing of children & young people within an educational setting.

LUNCH

LUNCH WILL BE SERVED IN THE QUINELL LOUNGE.
