THE WEST WALES NEURODIVERGENCE DEVELOPMENT EVENT

Haliwell Centre, Carmarthen, SA31 3EP
4th November 2024 at 9:00 AM- 1:00pm

The goal of West Wales Neurodivergence Event is to develop a comprehensive, three-county approach to how we can meet the needs of the neurodivergent population in West Wales. With ever increasing waiting lists and demand on all sectors, our aim is to come together as a collective on how we can develop a regional way of working to meet the needs of neurodivergent children, young people, adults and their families. We hope to bring together frontline staff, operational managers, and key stakeholders from across the three counties.

With the aim to:

- Align with Welsh Government's priorities and the neurodivergence delivery program.
- Foster buy-in and collaboration at all levels.
- Develop a shared vision for addressing neurodivergence.
- Inform stakeholders about current initiatives and future developments.
- Create a unified roadmap for future action.

Break	11:25
Developing a Regional Approach	11:30
Q&A, Closing Remarks and Next Steps	12:55

DEVELOPING A REGIONAL APPROACH

11:30 AM

QUESTION 1:

Listening to what was said today, what do you think should be the regional priorities for our neuro-divergent population?
Identify 3 key areas

11:50 AM

QUESTION 2:

Where are the gaps in service provision for neuro-divergent children, young people, adults and families?

12:10 PM

QUESTION 3:

What opportunities and enablers are there for joint working? Which agencies could work better together?

12:30 PM

QUESTION 4:

What are the barriers to joint working? (What gets in the way i.e., systems, processes, information sharing, lack of resources; organisational-buy-in). What's the solution?
